TOTS SWARM NEW PALISADES PLAYGROUNDS

Small tots in Daly City's Palisades area are making full use of the newly opened Northridge and Palisades playgrounds, according to City Park-Recreation Director Dee Van Nest.

The one-acre sites, deeded to the city by builder Henry Doelger under a 1954 annexation agreement, overlook old Coast Highway and the Pacific. High, barbed-wire topped fences keep the tots from leaving the grounds toward the cliffside.

Both sites are equipped with popular playground equipment. Each playground is master-planned for a 1500-square foot clubhouse.

The Northridge playground, at the end of Carmel avenue, was the first to be completed. A shared parking plan is being worked out with Seaciff Community Church to the north of the playground. Costs of paving this parking strip will be divided between the city and Rev. Fred Fanthorpe's congregation.

The lawn at the Palisades playground, at the end of Westridge avenue, was seeded yesterday.

Development of the two playgrounds included a \$12,000 donation from Doelger and an additional \$6300 from the city for landscaping, equipment and fencing.

Van Nest said the development of the proposed 8-acre Westmoor Park, south of the high school, hinged on the council's adoption of a five-year capital outlay program. This fiscal year the city is expected to allocate \$50,000 toward the first increment of this park and the school district's share to start is \$35,000. The city and high school district will utilize this facility on a joint-use basis. If things go on schedule, the park will be ready for public use early next year with tennis and handball courts and a vast lawn area. A clubhouse for this site also is mapped in the city's master parks-recreation plan.

'MAN OF MANY NAMES' HALTED BY DC POLICE

Jesse Davis was arrested on charges grand theft last Friday after allegedly trying to bilk the Dan Franco Furniture Company, 6731 Mission street, of a \$294 hi-fidelity set and speaker.

Franco said a man assuming the name of Samuel Wesley Owens paid \$26.40 as a down payment on the set and a second speaker. When Franco went to the address given by the man he was bewildered as the person answering to the name was not the same man.

Sergeant Jack Walsh went to a San Francisco finance company and was notified when "Owens" stepped into the office. (Continued on Page 2)

Congressman J. Arthur Younger will be the featured speaker when Daly City Chamber of Commerce holds its annual installation dinner meeting on Thursday evening, October 15, at 7:30 p.m. in the Westlake Bowl banquet room.

Banker Louis Pisani will be installed as new president, taking the gavel from outgoing leader Parkes "Ted" Harris.

Tickets to the dinner are \$4 each and wives are invited, according to chairman Frank Martorana. Reservations may be made with Pete Markovich, PL 5-2262, 6454 Mission street.

DC COUNCILMEN TO DESIGNATE SPECIAL AUDIT 'OBJECTIVES'

Daly City Councilmen at this Thursday's study session were scheduled to brief the nationally reputed auditing firm of Haskins and Sells on what procedure to follow in making a special, complete audit of the city's books.

This "outside" audit, first planned by the council in the wake of their ouster of City Manager George Watts, is expected to take less than a month to complete. Fee for the project was not ascertained as the paper went to press.

Narcotics Arrest On Peoria St.

Steven (Mike) Distol, 362 Peoria street, was arrested by Daly City Police Captain Roy Beecher, Officer George Brooks and two State Narcotics Bureau agents last Friday for possession of narcotics.

They found a marijuana cigarette in one of Distol's shirt pockets at his home. Gregory Christou, 17, 545 Niantic avenue, was taken to Hillcrest Juvenile Home after it was ascertained that he had purchased nine morphine pills from Distol, the authorities said.

Robert Booth, 20, 63 Crocker avenue, apprehended for robbing a drug store by San Francisco police, told Brooks that "you could get anything you want in the way of narcotics from Distol."

Distol's Peoria residence long has been under surveillance by Daly City police and state agents.

Hupf has never implied that there was dishonesty involved or any criminal misuse of funds —only that the city has spent certain earmarked capital outlay funds on other projects instead of carrying over the excess in capital outlay funds to the next year's budget.

The city attorney was citing this situation in earlier public statements that cash on hand this fiscal year (beginning last July 1) was only \$542,000, compared to cash on hand of \$633,000 at the start of fiscal '58-'59.

More specifically, Hupf points out that several capital outlay (Continued on Page 2)

THIS is what Daly City's new Fire Station 5, corner of Lincoln avenue and Edgemont drive in Westlake, will look

like when it is ready late in January next year. Architect is John Gloe, a Westlake resident who is also designing the

new Westlake library on Southgate avenue. C. J. Collins and Company of San Francisco has 120 days to build the

\$88,318 station which will cover homes in the Palisades, St. Francis Heights and the southern portions of Westlake.

POLICE ARREST MAN, 74; YOUTH, 18, ON MORALS

Two morals arrests were made this week by Daly City police.

Calixte E. Allard, 74, 175 Hillcrest drive was apprehended by Sergeant Charles Terry and Officer Richard Sims after he reportedly tried to lure a 13-year-old girl to his home by sending her notes of "I love you" at the public library.

Allard was arrested on charges of vagrancy, specifically for annoying or loitering near children, and bail was set at \$500.

Two young Westlake girls, 9 and 11, identified Larry Cavanaugh, 18, 255 Chenery street, San Francisco, as the suspect who indecently exposed himself to them on September 27.

Cavanaugh admitted this and three other exposure acts from late August to date. He was released on his own recognizance and is to appear in municipal court next Tuesday at 9 a.m.

2 New Pumper Trucks Bolster Fire Coverage

Daly City firemen this week are mounting equipment on and getting accustomed to two new fire pumper trucks, delivered last Friday to Central Station in Westlake by Van Pelt Company of Oakland.

The new trucks, purchased for a lump sum of \$38,000, are 1250 gallons-per-minute pumpers and match the most modern fire vehicles used anywhere in the country.

Their delivery plus the addition of seven new firemen two weeks ago marks additional strides made by Fire Chief Elmer Kennedy and his veteran battalion chiefs to improve and expand Daly City's fire service.

The new \$88,318 fire station in Westlake Unit 10, corner of Lincoln avenue and Edgemont drive, is under construction and should be completed by February 1, 1960.

This station, being constructed by C. J. Collins of San Francisco, will be designated as Fire Station 5. The present Westlake fire station off Lake Merced boulevard near Westlake Park will be known as Central Station.

The seven new firemen are undergoing systematic indoctrination and training prior to assignment throughout the city. (Continued on Page 2)

Dad, 27, Rescued In Blaze

Firemen were not aware Tuesday at 4:45 a.m. that anyone was in a house on fire at 48 Fairlawn court in Westlake until one of them tripped over a man's prone body.

Neighbors had told firemen that the vehicles of the Slevin family were not in front of the house and said they believed none of the five persons living there was at home. They were right as far as Mrs. Arlene Slevin and children, Linda, one-year-old, Tim, 5, and Scott, 2, were concerned.

However, Frank Slevin, 27, was overcome by smoke and was lying at the foot of the bed in the back bedroom when firemen broke in.

Captain Richard May and firemen Rich Merlo and John Roy carried Slevin from the house and he was treated via resuscitator by Captain Allen Brush and fireman John Jacobs.

Slevin was in semi-conscious condition when police Officer Robert Crocker arrived at the scene. The victim was taken by Broadmoor Ambulance to Junipero Serra Hospital and then transferred to Mary's Help.

Fire Chief Elmer Kennedy said Slevin was able to utter only a few words before leaving for the hospital. The chief said most of the damage was done by smoke and heat, although the blaze did take its toll in the front room.

Kennedy estimated damage at \$4000. Cause of the fire is unknown although Kennedy said he "assumed" that Slevin had lit a cigarette in the front room and the chesterfield had caught fire. The chief also said that Slevin possibly started to walk back to the bedroom and just died reach it before being overcome by smoke.

Seven Fledgling Firemen Begin Basic Training

Seven new Daly City firemen are taking basic training under Battalion Chief Mel Hansen and Captain Keith Schrock. The neophytes will be put on regular shifts December 1, Chief Elmer Kennedy said today.

The courses cover fire equipment, first aid, life-saving and rescue operations.

The recruits are: Ronald Kuchac, 28, 217 Gracis drive, San Francisco; David Gash, 21, 437 South Mayfair avenue; Patrick Cuneen, 26, 1267 Liston avenue, San Francisco; Barry Griffin, 24, 3624 Irving street, San Francisco.

James Benson, 25, 1878 Cabana drive, San Jose; Dale Cheli, 22, 29 Cliffside drive; and James Dresser, 26, 83 Carmel avenue.

Kennedy noted that the four firemen not living in Daly City will have to do so within one year to stay with the department. This is in keeping with city personnel rules.

Westlake Association Will Sue Over Wall

Westlake Subdivisions Improvement Association directors Monday night unanimously passed a resolution of intention to file suit against Stuart Bartz, homeowner at 1 Westdale avenue who has built his wall-patio cover in violation of WSIA deed and city building restrictions.

Bob Brachman, director-spokesman for the association, said the resolution was based on the condition that Daly City councilmen initiate the legal action by filing a suit on behalf of the city. The council has indicated that this would be done.

Columbus K-6 School Plans Move Forward

Although not choosing a queen or throwing confetti, Jefferson Elementary School District trustees are especially happy about the upcoming Columbus Day celebration.

At Monday's meeting the board accepted title to the Christopher Columbus school site at the southwest corner of McKee's St. Francis Heights. Mario Clampi is architect for this project—due to be finished in about 18 months—but Clampi has indicated he will ask the board to relieve him of the job since he is too busy with other projects.

The K-6 Columbus school will be the third in McKee's subdivision. Daniel Webster K-6 should be ready for next February and M. Pauline Brown K-6 school will be finished late next year.

The school district also needs an intermediate school site southeast of St. Francis Heights near Junipero Serra boulevard. Other quests are for a west-of-Skyline school south of Doelger's Westlake Unit 11 and a new K-6 school south of Vista Grande Primary and north of Colma School.

Doelger has agreed to sell the district a sizeable site north of Edgemar freeway in Pacifica (a portion of the builder's proposed Westmont development) for a school to accommodate Westlake Unit 11 youngsters. This agreement, however, hinges on Pacifica approval and/or a boundary change.

A district spokesman said old Thornton school on Castle street might be torn down if the new site east of Hillside boulevard can be acquired.

TWO-DAY 'CANE' SALE BY LIONS AIDS THE BLIND

This Friday and Saturday, Lions clubs throughout the nation will stage "White Cane Day" sales to aid the blind.

The Daly City-Colma Lions, under project chairman Harold Voldman, will be a key corner in town this Friday afternoon and all day Saturday. In addition Whit Cane containers will be on counters in many local stores.

Residents need only donate a dime or quarter. "Every little bit helps this outstanding cause" says Vince Murphy, president of the DC-Colma club.

Beefy Footballers

Westmoor High Pair Shatter The Scales!

Councilman Bob St. Clair of the 49ers isn't the only guy packing a lot of weight around Daly City.

Westmoor High's varsity football team has two 17-year-old juniors who rank with the biggest prep gridders in the nation.

One is defensive guard Bob Villines, 6 foot 8 inches and 300 (correct) pounds. Defensive tackle Tom Frydenlund stands 5-11 and has 255 pounds on his frame.

St. Clair is 6-9 and tips the scales at 265. He was 6-6 and 230 as a prep at Poly High in San Francisco.

Bob will be away from council business the next two

weeks. He's back East with the 49ers for games at Green Bay and Detroit.

Monthly Construction Pace In Daly City Dipped Last Month

New construction begun in Daly City during the month of September was almost 50 per cent lower than the totals for August, according to Public Works Director Otis Calhoun.

From the August total of 237 building permits for \$3,194,976 in new construction, the September amount fell to 116 permits and \$1,658,168 total valuation.

Biggest drop came in the fact that only 60 permits for new homes were issued, compared to 203 home permits during August.

The September permit breakdown: 60 new homes, total value \$942,116; 27 alterations to homes, \$35,150; 18 duplex homes, \$368,750; five apartment buildings (total of 42 units), \$288,000; two commercial buildings, \$22,000; two commercial alterations, \$1500, and two signs, \$650.

Daly City's all-time monthly construction "high" was registered last May when permits issued called for \$5,609,000 in new construction.

MAN OF MANY NAMES HALTED

(Continued from Page 1)

He gave me papers all in the name of Jesse Davis when asked for identification," Walsh stated. Upon further investigation it was found Davis had in his possession a draft registration certificate and selective service classification system card in the name of Samuel Wesley Owens.

Davis said he had found the cards and was going to return them. He also stated that he knew Owens. Franco identified a picture of Jesse Adams, which in turn also proved to be Jesse Davis.

The man of many names was charged with grand theft due to the price of the articles being in excess of \$200. Davis, 22, is a clerk, living at 921 Minnesota street in San Francisco.

has protested the illegal Bartz structure, was present at the WSIA meeting Monday and was asked by the board to also file a suit along with the association and the city. Bartz said he would think over the proposal and he probably will agree to the action.

In other WSIA business, directors appointed William Fleckles, 298 Mariposa, to architectural committee chairman, filling the vacancy of Bill Morrisette who has been appointed as a director.

Candidates for the WSIA board of directors are being sought for the annual election of officers this December. All Westlake homeowners interested in running for the board are asked to contact the association office, 95 South Mayfair, PL 5-1352, before November 1. Directors serve one-year terms.

Sanitation Board

National Guard unit at the Olympic AAA site near Vista Mar stables west of Westlake last Monday asked discontinuance of service from North San Mateo County Sanitation District because the training site is being abandoned.

The sanitation board heard the request and ended the service effective September 30 with a three-months bill due the district.

In other business the board decided to hold over the report from the State Department of Public Health on the inspection of district sewage treatment facilities. Board members want Chief Operator Lawrence F. Giuffra, who is currently on vacation, to explain the intricacies of the report.

\$310 Ring Missing

Loss of her \$310 diamond solitaire ring was reported to police Monday by Muriel Beebe of 28 Marshall Way, Daly City.

The woman told officer Matthew Murray she noticed the ring missing on September 14 and was reporting for insurance purposes.

be completed during the summer of 1960 and the old building will be demolished.

Currently, Pershing has seven classrooms. The new building will contain four classrooms, two kindergartens and an administrative unit.

Trustees also passed a resolution cancelling taxes on additional property bought to expand the Pershing and Jefferson school sites.

In other business the board rescinded former policy which is affected by 1959 legislation having to do with paying classified personnel for jury duty. Previously the policy was to pay personnel their regular salary during jury duty but the state's AB 2225 says personnel may only receive the difference in pay that they would lose on jury duty. The board rescinded the old policy and adopted AB 2225.

TEN-YEAR-OLD BOY SOUGHT HERE FOR PETTY THEFT

A 10-year-old boy is being sought by police for stealing a small bank and a large decanter of \$4 in pennies and \$6 in assorted currency from Darryl Coursey, 33 Knowles avenue, between 3 and 5 p.m. Saturday.

The owner of George's Shoe Shop, 6446 Mission street, said a small boy, approximately 10 years old with blonde hair, asked to exchange \$4 worth of pennies into silver. He described the boy as being used to cart the coins from the house as a top of a puzzle container.

San Franciscan, 22, Is Arrested Here For Theft Attempt

Harry Howard, 22, only needed one sack of cement to finish a job he was doing at home, but due to the efforts of Officer Ralph Warren, the job is still undone.

Howard, 1694 Oakdale avenue, San Francisco, was observed with a friend standing in front of the fence which surrounds Ferrando Concrete Company, 595 North Parkview avenue, Daly City, last Friday at 1:54 a.m. His friend ran into Marchbanks Park while Warren apprehended Howard.

Warren said Howard did not have any identification on him and wore black gloves so as not to leave fingerprints. Howard told police he needed the cement to finish some work at his home. He refused to identify his accomplice.

The latter was released on a \$50 bail bond.

2 Fire Trucks

(Continued from Page 1)

Addition of these men, the new trucks and the new station could help to reduce Daly City's heavy fire insurance rates.

Late last year the National Board of Fire Underwriters cited in a lengthy report the sub-standard status of DC's fire coverage, resulting in a jump in insurance rate classification from Class 4 to Class 7. The council subsequently challenged the report, explained earlier plans for hiring new men, purchasing the new trucks and the completion of the new station. The underwriters finally consented to a new survey and this resulted in a one step drop in the insurance classification to Class 6.

Chief Kennedy feels that a new survey early next year would allow Daly City's fire insurance rates to be lowered to Class 5—a more realistic picture of the department's status, he contends.

Jeff High PTA Fashion Show Features Boys?

Principal John Mongan will be the speaker at the Jefferson High School PTA's regular meeting this Thursday evening at 8 p.m. in the school cafeteria.

The evening's program is based upon the theme "Let's Get Acquainted." New members, old members, and future members are invited to attend.

The chief topic under discussion at last Thursday's executive board meeting concerned the possibility of putting on a fashion show in February with students taking part as models. Even the boys may have a chance to model.

The purpose of the show is to raise money to be used solely for scholarships to students.

A committee of four was chosen to take charge, the Mesdames: L. Simmonds, V. Pakjok, T. Parish, and A. Marquez.

Two Birds With One Stone Try Bags An Eagle

Homer Chief Eagle was not booked on attempting to steal a car, but was arrested for being drunk, but was not held on a San Francisco Police warrant seeking Elmer White Eagle.

Ralph K. Divers, 222 Alto Loma avenue, reported to police last Thursday that a man was attempting to steal his auto which was parked at 6823 Mission street. Officer Richard Sims kept an "eagle eye" out and found Chief Eagle at Bismark and Mission street.

When Sims returned to the scene, Chief Eagle was identified but it was found that he only attempted to open the door of the vehicle.

Sergeant Jack Walsh earlier had received a report that an "Eagle" was wanted on San Francisco Police warrants. However it wasn't Chief Eagle, 21, of 219 Candlestick road,

OUTSIDE AUDIT

(Continued from Page 1)

projects earmarked in the last fiscal budget were not fully expedited and funds set aside for these projects were transferred for other city purchases. Hupf said he feels this is poor budgetary procedure and makes yearly capital outlay expenditures mount because projects not completed still must be financed. If portions of funds set aside for these delayed capital outlay projects are channeled elsewhere, more money subsequently must be appropriated to complete these earmarked projects.

Hupf said capital outlay projects budgeted last fiscal year and not completed or initiated as scheduled included \$69,000 set aside for the first increment of the new Westlake Library—nothing was spent; \$25,000 towards the \$38,000 purchase of two new fire trucks—nothing was spent; \$95,000 for new fire station—only architect's fee was spent; some \$50,000 as the city's share of joint development of Westmoor Park with high school district—the city is \$20,000 behind schedule in matching the high school district in yearly contributions, and several water department projects—not completed.

The city attorney claims it is not good budgetary policy to earmark funds for capital outlay, then not spend them, but use portions of these funds for other expenditures.

Vandals Pour Sugar Into 8 Gas Tanks Here

Culprits are getting "sweeter" by pouring sugar into gas tanks instead of the salt that was used here recently. But the results are the same—irate car owners.

Latest ingredient adders entered Columbus Motors Wednesday last week and poured sugar into the gas tanks of eight autos, doing approximately \$200 damage.

Del Crum, manager of the Daly City auto firm, reported the vandalism to Officer John Coleman, saying two other cars on the lot weren't "sweetened." Coleman said a five pound empty sugar bag was found on the premises but fingerprints were not found on the autos.

He noted that the culprits apparently entered through the open rear lot and neighbors across the street from the motor company heard noises from 9 p.m. to midnight Wednesday but didn't see anyone in the vicinity.

Crum reported to Officer John Van Otten that the following day he found 10 more autos with sugar in the gas tanks. Total damage to these vehicles was placed at \$250.

but Elmer White Eagle.

Chief Eagle was arrested on a charge of being drunk on a public street and was sentenced to six months probation by Municipal Judge Charles Becker.

DC Woman, 77, Injured By Auto

C. D. Thompson, 77, 6711 Mission street, Daly City, suffered bruised legs and was taken to Junipero Serra Hospital by the motorist of the car she reportedly walked into last Friday evening.

Ralph R. Silva, 820 Thornhill drive, Colma, said he spotted the woman at the Mission street and Alp avenue crossing and turned to avoid her. He said the woman was not in the crosswalk and walked into his left front fender.

Her son-in-law and daughter helped Silva take her into the house. Silva brought her to Junipero Serra Hospital.

RE-ORGANIZATIONAL MEET

Petrocchi Says PAL 'Authority' Still Must Remain With Police

More than 40 persons attended the re-organization meeting of the Daily City Police Athletic League last week, according to Chief Roland Petrocchi.

Purpose of the meeting was to assure that there was no misconception as to authority and that this authority to run PAL was vested solely in the police department, Petrocchi said. He noted that all persons attending agreed that this power should be in the hands of the police department as the PAL is a city function.

Petrocchi said there was some concern as to authority in the program as there were so many directors appointed in the last five months that it was feared the police would lose control.

Main concern as to committees is to get "active" participating members, Petrocchi stated. In the future committees will be appointed as Executive (mostly police officers), Recreation, Legal, Advisory, Finance and Membership.

Petrocchi hopes to have City Attorney Paul Hupf, Superior Court Judge Frank Blum and attorney Tom Bocci as legal committee members. The director of recreation will be from the police department and will program police objectives for boys and girls.

Asked if girls were to be a part of PAL, Petrocchi answered, "We have received many calls asking to have girls in the program, but this was just put in the rules at this time so the rules won't have to be changed in the future. Girls may be accepted into the program if expansion comes about."

Rotary To Hear City Attorney, W'moor Student

City Attorney Paul Hupf will head the Daily City Rotary club program for the October 14 meeting.

Hupf, acting city manager, will speak on city government. He will be presented by Walt McRae, program chairman. Emcee is Art Colvin.

At this week's meeting, Bob Goodwin, "student of the month" from Westmoor High school, will give his impressions of Rotary. Goodwin, president of the student body, has been a guest of the Rotary club for the past four weeks.

Coming events for local Rotarians include: October 22 - District institute at the Villa Felice in Los Gatos; October 30 - Annual Halloween party.

Doelger Sells Coast Center For \$950,000

Builder Henry Doelger late last week sold his three-year-old Linda Mar Shopping Center for a price believed to be about \$950,000.

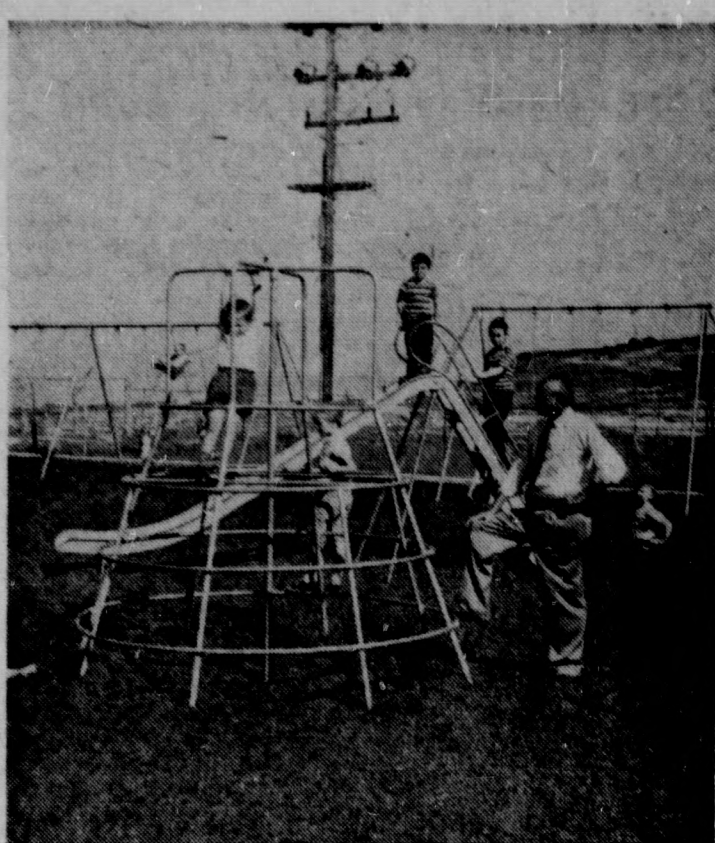

Purchasing the 26-store center were the Fifty Associates, a Boston real estate trust company, and the De Martini trust firm of San Francisco.

The shopping center, which opened in 1956, has additional acreage which eventually will be developed for more stores.

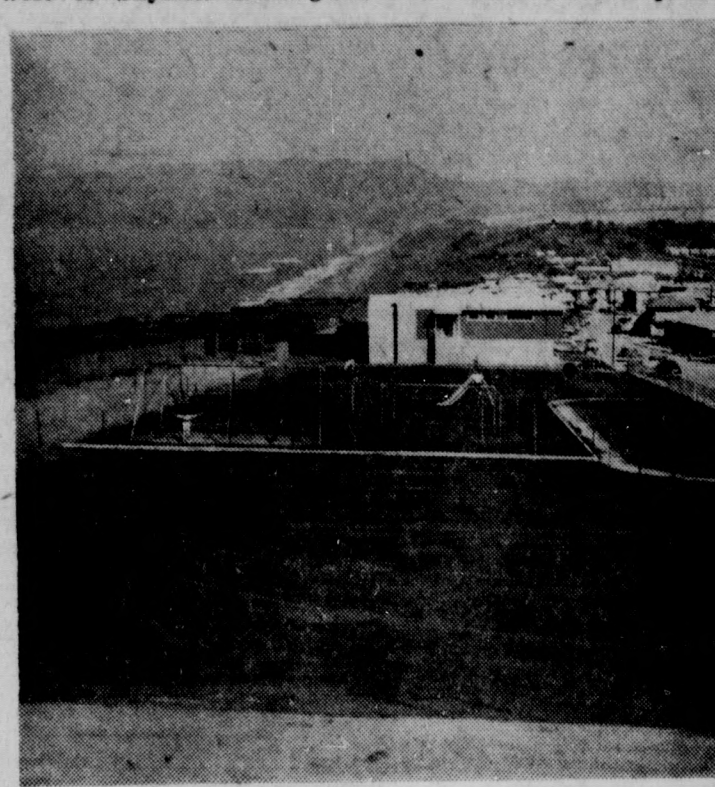

New Edison School Clouted By Vandals

Kenneth McGregor, 53, superintendent of the under-construction Edison School, Lincoln drive and Southgate avenue, Daily City, said \$37.65 damage was done to windows and concrete blocks over the weekend.

McGregor told Officer James Sunderland that 12 windows valued at \$12 and 75 concrete blocks at \$25.65 were damaged. L. C. Dunn Construction Company is the victim of the vandalism.

Daly City failed to send a representative to last week's mayors' meeting in San Carlos to discuss the rumored county-wide sales tax.

Majority of the 11 mayors who attended the "strategy" session were agreed that if supervisors force sales tax on the county, the county's share of the cities' returns should be hatched to a minimum.

Only five of the 13 county cities have sales tax. There are Daly City, Belmont, San Carlos, Menlo Park and Millbrae.

Odd factor about the M. Pauline Brown School to be built in front of St. Francis Heights is that most of its students will come from Broadmoor to the north.

The Brown site was picked by the old school board even though there was considerable undeveloped land behind the Serra theater that would have made for a better school site. The latter area would have been closer for the students who will be attending Pauline Brown School.

The McKees (father and son) of Zita Corporation are past the preliminary stage for the purchase of portions of the 1000-acre Christen ranch property south of St. Francis Heights and Westlake.

Doelger would like to have this land, too, but the McKees seem to have the inside track.

The biggest builders in this area will be neck-and-neck in negotiations for the hilly but financially fertile 4000 Crocker Estate acres east of town.

Owners of land get richer the longer they hold onto it. The price of terra firma is skyrocketing.

From Webster, one definition of a politician:

"One primarily interested in political offices or the profits from them as a source of private gain."

Of course, there are all types of politicians—and many other definitions, depending on individual interpretation.

Daly City Police Chief Roland Petrocchi's attractive wife, Gloria, former beauty queen, is back in circulation socially after five weeks in the hospital for examination of a stomach disorder.

Is it possible that with the rising costs of government, and inevitable raise in taxes, this "bedroom community" must bear, that some on our council can remain satisfied with ineffectual "explanations" or otherwise justify a \$90,000 "discrepancy?"

About our local government, your phrase "too many colonels and not enough privates" is exactly the opposite to strong city manager government, where there is only one "colonel" on a salary, a state and locally screened man, qualified by education and experience to efficiently run the city with commitment to no one but the elected representatives of the city. This safeguard against political interference is strongly in its favor.

I would like to point out that actually no form of government guarantees results. The articles of government speak entirely in terms of opportunity. Whether we change to another system or keep the one we now have, no government, no matter how beneficent its edicts may appear, can provide a substitute for individual effort and application.

Crusade 'Angels' Solicit Homes Here Next Week

"Angels" from heaven will descend upon the doorsteps of "Good Guys" next Tuesday, October 13, but in this case, they will be the "earthy" kind — your next door neighbor, possibly, who is donating hours of volunteer service in the collection of funds for the United Crusade's residential drive.

The "Good Guys" are you, you, and you — residents of the Daly City-Colma area. The intensive one-week drive of some 500 volunteers, aims to fulfill a quota of \$195,951 for the Residential Division of the county.

The United Crusade aims to raise \$11,000,000 for 263 health, welfare, and youth agencies in five counties of the Bay Area. There are 23 such agencies in San Mateo County.

The Crusade does good for everyone, so don't turn away the "angels" who come to your door next week, for "Every Good Guy Gives" and gives big.

Letters To The Editor

Fiscal Budget 'Vital Concern' To Taxpayers

Dear Mr. Bradshaw:

Your editorial last week reflecting on the \$90,000 "discrepancy" in the fiscal budget is of vital concern to taxpayers and citizens of Daly City, who, as you say—"Have a right to know."

This "right to know," however, has not been proved to many of our citizens who have openly exercised their democratic right and brought their questions and opinions to city council chambers. At times, even your paper has labeled individuals attempting a reasonable approach in matters where council decisions have been pre-conceived and without apparent explanation.

Mr. DeBernardi, who authored the phrase about \$90,000 "not being much money," was elected almost solely on the platform of anti-sales tax and "economy in government." Subsequent happenings on the local scene have demonstrated what happens when inexperienced results instead in "penny-wise and pound-foolish" practices. But even worse are such items as \$914 paid to the state personnel board for services the council, with the exception of Mr. Verducci, chose to ignore by the appointment of Mr. Watts to the city manager post. The result of such maneuvering has embarrassed the entire city.

Is it possible that with the rising costs of government, and inevitable raise in taxes, this "bedroom community" must bear, that some on our council can remain satisfied with ineffectual "explanations" or otherwise justify a \$90,000 "discrepancy?"

About our local government, your phrase "too many colonels and not enough privates" is exactly the opposite to strong city manager government, where there is only one "colonel" on a salary, a state and locally screened man, qualified by education and experience to efficiently run the city with commitment to no one but the elected representatives of the city. Woman Tripped By Hole In Pavement Seriously Injured

Mrs. Anna E. Anderson, 65, injured her back and left side after getting off a jitney and stepping into a hole in the street across from 973 Hillside boulevard Monday morning.

Officer John Coleman said the woman refused ambulance service at first. She asked him to contact her daughter, Mrs. Doris Starkovich, who lives around the corner at 41 Theresa street. Mrs. Starkovich persuaded her mother to go to the hospital.

Mrs. Anderson, 65 Crocker avenue, was transported to Junipero Serra Hospital and later transferred to Mary's Help Hospital. Coleman said the edge of the paving where the street enters the gutter is rough and jagged.

The jitney driver, Mrs. Eunice H. Hooper, 312 Winchester street, witnessed the mishap.

so other citizens may become aware of, and interested in our city government. The council is only partly responsible for a situation like this. For this is our community and our responsibility. It is our duty to be aware and vigilant to preserve the tenets of self-government.

It is my hope that "vigilance" as expressed in this letter will not be taken for hostility, for that is not my intent. Only by working together with constructive criticism and evaluation can we build the road to understanding.

JEFF NIGHT SCHOOL

Adults Studying Russian Here Will Be Seen On Television

Adult night school people taking the new Russian language course may be seen on television later in the year, announces Harry Collis, KQED-TV teacher on the 7:30-8 p.m. Tuesday show.

"We may either have them on individually to speak or put on a group skit in Russian," he said.

The program started Tuesday night with more than 50 adults sitting in at the Jeff High Little Theater in Daly City for the first night of instruction. The course is from 7 to 9 p.m. with the half hour of television in between.

Louis Martin, head of the adult night school which is the first in California to coordinate an adult course and television program, said the list of registrants includes people from all walks of life. A minister, San Francisco State college students, and a barber signify the cross-section of students enrolled.

Martin stated the course was one of the most popular, ranking with sewing classes, driver education and swimming. The swimming instructions, he noted, are now available to both husbands and wives on the same night. He also said that Italian may be a new adult course in the future, due to this predominant racial strain in Daly City.

Collis wrote his own book which students may follow and are practically guaranteed "a good basic vocabulary," according to the TV instructor.

The commentator added that he is "toying with the idea of bringing in long-playing records to supplement learning." In this

HOMEOWNERS UNITE

St. Francis Heights Association Will Elect Officers Next Week

The spanking new St. Francis Heights Improvement Association will meet on Friday evening, October 16, in the Westmoor High Little Theater to elect its first officers.

Approximately 150 residents of St. Francis Heights, Daly City subdivision built by McKee Company, attended last month's meeting. Temporary officers are: Al Belletter, president; Edward Del Carlo, vice president; Mrs. Calvin Gano, secretary, and Michael Amorse, treasurer.

Nominations for permanent officers have been made by the nominating committee and additional nominations will be held open until the October 16 meeting.

The unit's by-laws are ready for final ratification, and according to these rules, only paid-up association members will be eligible to vote for the new officers.

Dues are \$6 a year and may be paid by contacting Amorse at 110 Miranda drive. Ballots will be sent all members prior to the election.

About 20 St. Francis Heights families have held meetings the

way the student may play the record over and over until he learns exactly what is being said. The only problem he has to contend with is whether or not people will pay the expense of a record.

Collis, 29, lives in San Francisco and became interested and at the same time disappointed in Russian when still at Lowell High School finding there was no one to teach it. He took private lessons and lived with a Russian family for four years.

He taught one year of Russian at Polytechnic High and has been with KQED for one year after serving as a Russian translator for military intelligence.

The two adult school Russian course teachers are Norman MacDonald and Don Kambie. MacDonald, 28, took a one year course in Russian at the Army Language School at Monterey. He is a French and Spanish instructor at Westmoor.

Kambie, 35, is of Yugoslavian descent and learned the Cyrillic alphabet when he was 14. He studied at San Francisco State and in Switzerland. He also taught a private course while in Switzerland, in 1950.

The two teachers, both from San Francisco, will have 21-inch TV sets in their classes and will review or add material after the screened show over with. In addition they may go over material to be presented in the next week's program.

Martin said a lack of interest in photography cancelled that course. The Jeff High District recently purchased 12 new enlargers, one large enough to make desk size prints, but due to only four enrollees the class was cancelled.

Members of the new association took the lead in urging faster results on the erection of M. Pauline Brown School, the elimination of the "dust and dirt" problem caused by the grading on the school site, and in asking the council to hold off zoning approval on Callan's 21 acres east of Westmoor High until Callan met his commitment to realign Eastmoor avenue in St. Francis Heights.

At last week's council meeting, the St. Francis group asked Callan to "do something immediately" about the dirt and silt that has blown off his idle property and has "flooded" several St. Francis Heights homes.

The school district is ground-planting portions of the school site. Callan said he would start moving dirt "within the next two weeks" in answer to the St. Francis homeowners' protests.

Niantic Avenue Burglar Golfs, Likes Cigarettes?

John Silver, 36, 622 Niantic avenue, reported to police that seven golf clubs and six cartons of cigarettes were stolen from his residence while he was at work last week.

Total loss amounted to \$62. Silver, a clerk, said when he returned home he found both the front and rear downstairs doors open at his two-story stucco dwelling. The thief left the golf bag behind, causing officer Matthew Murray to suspect the culprit may have been a juvenile, not a pro.

A card box, which holds a box of playing cards, of imported Finnish wood was also taken. Other valuable items were left intact. Murray said entrance was probably made through the unlocked downstairs door.

She Really Drove Into Drive-in On School Street

Wyneta Joy Aldrich, 18, pulled her auto into the drive-in at 300 School street, damaging the counter and brick work about the building Tuesday evening last week.

Miss Aldrich, 76 Shakespeare street, Daly City, said she "didn't step on the brakes either fast or hard enough." Her auto brushed Lynette G. Behn, 11, according to the girl's father, Donnal G. Behn, 1664 Elnore drive, San Mateo.

The young girl did not complain of being hurt or thought she was injured but her father transported her to Kaiser Hospital in South San Francisco.

The restaurant is owned by Gerald W. Fleener of Sausalito, according to the police report of officer Mathew Murray.

SERVING as interim pastor of Daly City's Vista Grande Avenue Christian Church is Lt. Col. Richard B. Cheatham, an Army chaplain stationed at Presidio of San Francisco. The native of Tennessee was educated at University of Florida and received his master's degree from Columbia University of New York City.

Luanne Carpenter Becomes Mrs. Lawrence Schriber In Temple Baptist Ceremony

Married in a double wedding ceremony recently at Temple Baptist Church in San Francisco were the former Luanne Carpenter and Lawrence (Larry) Schriber. The Rev. M. G. Berglund officiated at the rites, followed immediately by a reception at F.O.E. Hall in Daly City.

The bride's gown was fashioned of white chantilly lace and nylon tulle, with moulded bodice and long sleeves. It was floor length with a chapel train. A full fingertip length veil fell from a cap of lace studded with pearls. Her cascade bouquet contained phalaenopsis, clusters of pearls and satin streamers.

The bride's jewelry consisted of a cultured pearl necklace, a gift of the groom's mother, and matching earrings.

Peppermint green tissue taffeta dresses, with harem skirts, and matching headpieces of small green leaves and short veils, plus shoes of the same hue, were worn by the bride attendants who included Elise

Rochhi, matron of honor, and bridesmaids Miss Dee Phinney, Oakland, and Mrs. Phyllis (Thur) Dore. Their flowers were pink feathered carnations and satin streamers arranged in a cascade.

Ronald Johnson of Santa Barbara served as best man, and George Skelton of San Jose and Steve Canty of Colma served as ushers.

For the occasion, the mother of the bride selected a raspberry lace sheath with matching shoes and feathered veil. The groom's mother chose a rose lace ensemble with white accessories. Both wore white orchid corsages.

The bride and the bridesmaids' bouquets and corsages were made by the groom's mother, who is a florist in Ojai, California.

The bride is the daughter of Mr. and Mrs. Carl L. Carpenter of Daly City. She is a graduate of Jefferson High School, class of 1957, and is presently employed as receptionist in the

medical division of the Metropolitan Life Insurance Company in San Francisco.

The benedict, who is the son of Mr. and Mrs. John Schriber, of Ojai, is presently employed by Quality Foods, and is attending San Francisco State College, where he is majoring in world trade.

Attending the wedding from out of town were Mr. and Mrs. William Myerscough, the bride's aunt and uncle, of Harbor City, California, and the bride's cousins, Misses Winkie and Linda Carpenter, who flew up here from their home in Torrance, California.

The new Mrs. Schriber chose a sapphire blue suit and shoes and bag to match, with white gloves and a small feathered white hat as her going away costume.

Catalina and Southern California points of interest were the honeymoon locale of the couple and they are now residing in Daly City.

GRANT COMPANY FEATURES SPECIAL CATALOG SERVICE

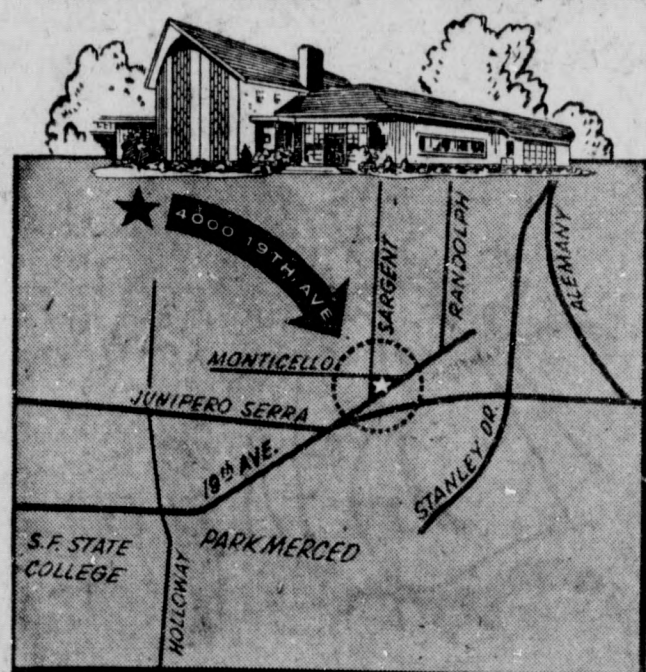

Another innovation in improved customer service was announced today by Art Longman, manager of the W. T. Grant store at Westlake Shopping Center.

On October 1, the local unit and the 775 other Grant stores across the nation unveiled a new Special Order Catalog Service for the convenience of Grant customers. The colorful catalog pictures well over 200 items not normally carried in even the largest Grant stores. Catalog orders, which will be taken at a special Order Catalog Desk in the Credit Department, will receive speedy delivery service from one of the company's two Merchandise Distribution Centers direct to the store from which the order was placed. There will be no extra charge for this delivery.

Purchases may be made for cash or on credit terms. Extra copies of the Grant Catalog will be available on a "lending library" basis for the convenience of those customers who may wish to discuss their selections at home before placing an order.

Longman pointed out that Grants is first in its field to use the catalog technique to supplement its store-stocked assortments. "It is just another evidence of the Grant Company's constant research into the most effective means of serving its customers better," he declared.

KENNEL CLUB OF DC PLANS 'PUPPY MATCH'

Westlake Kennel Club today announced plans for the first "Puppy Match" to be staged in the San Francisco and Peninsula area.

The competition, open to owners of purebred puppies of all breeds and less than a year old, will be staged at Daly City's Marchbanks Park on Sunday, October 18, starting at 1 o'clock in the afternoon.

Ribbons and trophies will go to the most outstanding puppies. Entry fee is only \$1 and all purebred owners enter their pets.

Advance registration is not necessary. Sign-ups will be accepted the day of the event, October 18, from 10 in the morning to noon at the park.

A special booth will be set up to give persons interested in buying purebreds the opportunity to know where top dogs can be purchased.

For more information on the event, contact E. A. Hercsuth, PL 6-4339.

St. Michael's 'Fall Festival'

William Posedel is co-chairman, aided by committee chairmen from the Holy Name Society, Fathers Club, Ladies Sodality, Mothers Club, Italian Catholic Federation, Catholic Ladies Aid Society and other parish groups.

Fifteen booths will be at the disposal of festival-goers. Proceeds go to the school building

DC School Chief, Aides, Students At 'Town Hall'

Jefferson High officials and students attended an all-day countywide Town Hall meeting sponsored by the San Mateo County Board of Supervisors at Hillsdale High School.

Findings from these "grass roots" conferences will be compiled by the Governor's Advisory Committee on Children and Youth and sent to Washington to be used in setting up the 1960 White House Conference on Children and Youth. These conferences have been held every 10 years during the last 50 years.

The focus of the San Mateo County Town Hall, in line with the national conference, was on "Lasting Values in a Changing World."

San Mateo Town Hall met in general session and then broke up into small group sections which included a leader, recorder and consultants. Each section discussed one of the three following topics:

1. Youth's Need for Values and Ideals in this Changing World.
2. Population Growth and Rapid Change in Community, County, State and their Effects on Children and Youth.
3. Environment—Its Influence on the Wholesome Development of Children and Youth.

Acting as one of the section leaders was John Mongan, principal of Jefferson High School. Assisting as a consultant was Miss Ada Wood, Jefferson dean of girls. Students attending were Rich Lair, Penn Jensen, Judy Foster and Barbara Gianini.

W'moor Lightweight Cagers Romp Past South City, 51-20

Westmoor High's 120-pound team started the Peninsula League basketball season in flying fashion by swamping South San Francisco, 51-20.

A 14-point first half splurge by Pat Russo, a 12-point second half spree by Mike Lanier, and John Kelly's nine markers kept Tony Giammona's crew in front.

Byron Van Alstyne's 110's lost by a final count of 22-16. Jeff Trager and Tyrone Tolomei, 7 and 6 points respectively, led the losers.

Scores of practice games were: 110's with three losses, 45-17 and 42-9 against Balboa and 24-14 against Lincoln.

The '20's won one while losing two practice tiffs. Balboa won the first contest, 29-19, but freshman John Kelly's 23 points led Westmoor to a 46-43 victory in the rematch. In the other contest, Lincoln beat Westmoor, 20-18.

Sports this week at Westmoor are cross-country and lightweight basketball at Westmoor against Hillsdale this Thursday.

POLICE HANDCUFF WESTLAKER, 34, IN SUICIDE TRY

Police thwarted an attempted suicide Thursday last week by handcuffing Salvatore Bialistrieri, 34, 150 Huntington drive, Westlake.

Barbara A. Bialistrieri, 30, his wife, told Officers Jim Bergstrom and dPhil LaBruzzi that her husband had said he had some poison. He was locked in the house with a child.

Despondent, apparently because his wife had filed for divorce, Bialistrieri was found hiding in a closet in one of the rear bedrooms.

He told the officers he had taken 50 aspirin tablets approximately 20 minutes before they arrived. Due to his reluctance to be treated, the two policemen handcuffed Bialistrieri and brought him to Junipero Hospital where a lavage was performed. A 72-hour hold was placed on him by police.

Announcing! A WONDERFUL NEW WORLD OF FORDS FOR 1960

FINEST FORDS OF A LIFETIME

This new Ford Galaxie, like all the new, beautifully proportioned 1960 Fords, is styled from a new viewpoint. Traditional automotive elegance combines with modern design in the style of a new decade!

In 1960, for the first time in history, your Ford Dealer presents not one, not two, but three new lines of Ford cars...

1. The 1960 Fords—The Finest Fords of a Lifetime, beautiful from every Point of View, worth more from every Point of Value!
2. The 1960 Falcon—The New-size Ford, the world's most experienced new car and the easiest car in the world to own!
3. The 1960 Thunderbird... The World's Most Wanted Car!

Introducing the New-Size Ford... the 1960 Ford Falcon

Meet the New-size Ford—the Falcon! Here's a car with plenty of room for six big adults and all their luggage. It's sized to handle and park like a "small" car... powered to pass and climb like a "big" car... and built like no other car for savings!

It gives you up to 30 miles per gallon on regular gas. Aluminum mufflers normally last twice as long as ordinary kinds. A Full-Flow oil filter lets you go 4,000 miles between oil changes. Even insurance can cost you less! And this Falcon is the world's most experienced new car. It was driven over every mile of numbered Federal Highway in EXPERIENCE RUN, U.S.A.—a grueling demonstration climaxing Ford's 3 years of development and testing.

The Falcon has the features that American car buyers expect. Its gearshift is on the steering column—not on the floor. Its engine is located up front for greater stability and safety. Best news of all is the Falcon's low, low price. See it at your Ford Dealer's... and see the difference!

Now you can see them—the Finest Fords of a Lifetime! Economy-minded Fairlanes. Big-value Fairlane 500's. Elegant Galaxies. A breath-taking new Sunliner convertible and a brand-new hard-top model, the flashing Starliner. Then there's a whole new world of Station Wagon Living, too. It all adds up to 15 glittering variations of the world's newest, most elegant styling theme!

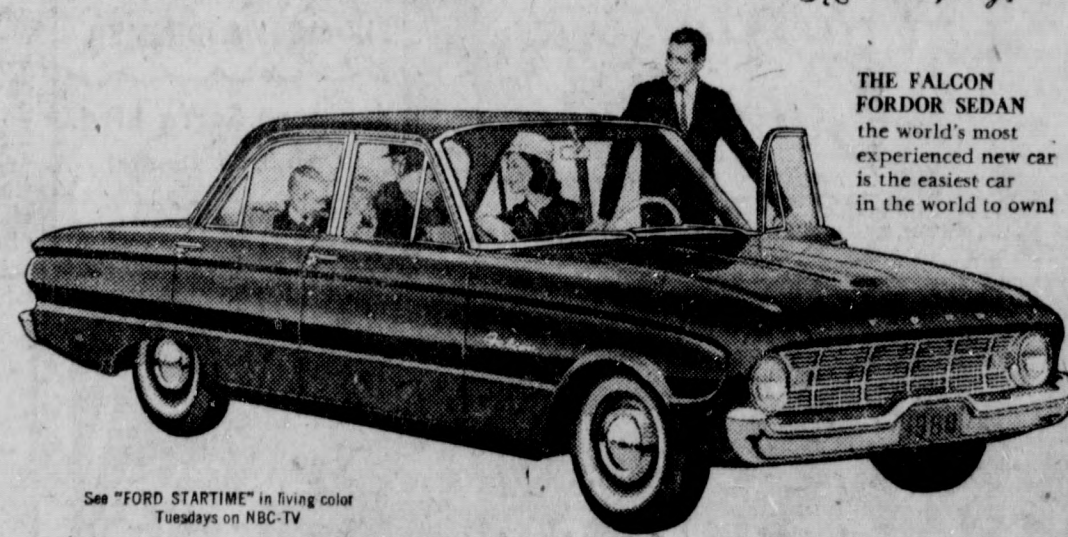

And Ford sets the new trend in power, Ford's Thunderbird 292 V-8 and 352 V-8, like the famous Mileage Maker Six, bring a new world of smoother, hotter performance—on regular gas.

To top it all, the Finest Fords of a Lifetime are priced for savings. Ford is still priced to outvalue all comparable models of its major competitors.

Ford savings, however, only begin with a low price. You save still more with engines that thrive on regular gas and save up to a dollar on every tankful... a Full-Flow oil filter that lets you go 4,000 miles between oil changes... Diamond Lustre Finish that never needs waxing... aluminum mufflers that normally last twice as long as conventional types... new, safer, Truck-Size brakes that are the biggest ever in Ford's history... and new soft-tread, Teyrex cord tires that run quieter, last longer.

In every way these are the Finest Fords of your Lifetime! See them at your Ford Dealer's!

On The Peninsula
And San Francisco

With the acquisition of the Steak Pit and the adjoining properties, owner Frank Martinelli has already made extensive changes. Solving the age old problem of the "long wait" Frank immediately expanded his dining room facilities, doubling the seating capacity to accommodate the many customers who jam the unique steak operation. His adjoining enterprise, the Caboose Pancake House, celebrated its grand opening a short time ago and as Frank says, "I'm happy with the progress we're making."

From Chateau to Pizzeria is the familiar Pizza operation on Junipero Serra Blvd. opposite Westlake. Best known perhaps by many who have made use of Toto's pick-up and delivery service, they also feature a varied menu in their dining room, where they serve the best in chilled wines. If you haven't tried a Pizza lately, there's no time like the present.

At the new DINO'S House of Shish-Kebab in West Portal we found a deliciously different change in our daily menu: Charcoal broiled shish-kebab, with rice pilaff, sautéed in mushroom sauce. The kids enjoyed broiled hamburgers par excellence, while my brother-in-law mercilessly attacked veal scallopini. All of which goes to demonstrate the versatility of the menu at DINO'S.

Take it from thousands of families who know—you can't go wrong at Gus Sebastiani's San Pedro Lunch, located on old San Pedro road in Colma. Gus, famous for his Italian style meals with emphasis on pleasing the whole family, is hors de combat temporarily while recuperating from an illness, but is expected to be back at his old station in a few months. Meanwhile, wife Hannah is carrying on in the fine Sebastiani tradition.

Another place where the whole family can join together for recreation or dining is the Westlake Bowl. Whether you bring the kids for a few lines of bowling or stop by the restaurant for dinner, you're assured of a pleasurable evening.

Ed's Chuck Wagon on West Portal, one of three famous Chuck Wagons, is noted for its excellent prime ribs, but that certainly isn't the only thing on the menu. "All you can eat" for \$2.65 is not a hollow slogan at the Chuck Wagon. Drop by and say hello to owners Mr. and Mrs. Hal Thompson... a popular Westlake couple.

Frank Davidson's Westlake Lodge has long been a rendezvous for upper Peninsula. And if you're a sports fan, you'll be in good company. It's been strictly "full house" the past few days with the World Series games being shown at the Lodge on color TV.

For you jaded night-owls, try Dana "Dick" Wheeler's new fun spot, The Kegs, located in Pacifica shopping center just off the Freeway—only about five minutes from Daly City. Imported draft beer, "Poor Boy Sandwiches" and music by Al King and the Roaring 20s band are just a few of the ingredients that make The Kegs different and delightful.

And while we're moving south down the coast, don't forget the Seavue Theater. For those of you who haven't enjoyed a night of movies at the Seavue, you'll be surprised to find a theater of this caliber so close to "home."

For the golf enthusiast who may have missed seeing some of the Golf greats at the recent Golden Gate Open, Val's Redwood Room served up a bit of anti-climax... most of the top pros made Val's their off-course rendezvous. As usual, Val's has been serving to overflow crowds, necessitating an expansion program. Look for increased capacity soon.

David DeMasi, 11, was treated for flash burns about his face and hair Saturday afternoon after dropping a match into an empty container of lacquer.

Mrs. DeMasi, 287 St. Catherine drive, Daly City, told police her son had picked up a five gallon container of Lacquer Sanding Sealer near homes under construction in the 200 block and was playing with two friends in the driveway at 275 St. Catherine.

She said her son threw the match into the container and the latter exploded. He was treated at Junipero Serra Hospital and later sent home.

Star ready...roll film...the cozy sitting room with booklined walls appeared like any other living room, but it wasn't—it was the set for Host John Howard's introduction to Schilling Playhouse which premieres this week over KRON-TV (Sat. 7 p.m.).

Recently it was our privilege to attend a filming session at Leo Diner Films when Mr. Howard was in town to do the introductions and commercials for the new series.

Later over cake and coffee—incidentally the cake was one of the props for the "Party for Kids" drama which will be shown in December—we had an opportunity to chat with Mr. Howard.

Host John Howard has an illustrious background of movies, stage and television. Among his films are the original "Philadelphia Story" with Katharine Hepburn and "The High and the Mighty." His TV credits include Lux Video, Studio One and Dr. Hudson shows. He was awarded the Navy Cross during World War II, and also was a Phi Beta Kappa during college days.

It was a celebration too, for the Howards that day, Mrs. Howard told us, as she joined us on the set, that it was their anniversary. They were both so pleased that they could celebrate the happy occasion in San Francisco. Mrs. Howard, whose maiden name was Eva Rauff, was formerly a ballerina with the Berlin State Opera.

"Schilling Playhouse" has been referred to as the highest budgeted half hour program ever offered on television. Based on great literary masterpieces, featuring famous stars and distinguished directors, the program is certainly outstanding dramatic entertainment. Judging from our preview of the coming series, you'll thoroughly enjoy every program which range from high suspense to comedy. Incidentally, the commercials are also very well done and in keeping with the high caliber of the programs. Certain to appeal to feminine viewers, are the tasty dishes, using the sponsor's famous spices, which are prepared each week.

GOLF TOURNEY
TO AID PAL**

Daly City's Chamber of Commerce will present its first annual Police Athletic League fund-raising golf tournament on Thursday, November 5, at Lake Merced Golf and Country Club, spokesman Pete Markovich announced today.

Entry fee is \$20, half of which goes to PAL. Markovich pointed out. There will be lots of top prizes and no limit on the number of golfers who may participate.

Reservations may be made by calling the Chamber office, PL 5-2262 or PL 5-2263.

Daly City merchants, whose contributions to the PAL bowling tourney were so outstanding, again will make this golf event worthwhile for all duffers.

Markovich estimates this annual golf tourney will bring PAL about \$1500 for its equipment and uniform fund.

Tom Dixon, a new arrival in Westlake at 681 Skyline drive, recorded the lowest score in the amateur division, a sparkling 289. Dixon, a meat buyer for United Markets, was not far off the scores of the pros.

80 DC Members Attend Jehovah's Witnesses Meet

More than 80 members of the Daly City Congregation of Jehovah's Witnesses attended the semi-annual Circuit Assembly for 19 San Francisco and Peninsula congregations at San Mateo last weekend. The assembly was regarded as a huge success when a crowd of 2035 attended the main lecture on Sunday.

Lester M. Dugan from the Watchtower Society's headquarters in Brooklyn delighted the audience with the Bible promise of permanent world peace. Daly City residents will benefit from the Bible instruction as the returning witnesses are planning to visit their many friends when they resume their house-to-house ministry.

Harold E. Casperson, presiding minister of the Daly City congregation, said that many residents of Daly City were active in the convention, working both on the program and in the various department organizations.

Edward J. Sartor headed the Auditing and Accounts and also participated in Friday night's program conducting the review in the model ministry school. Also appearing on the platform was Mrs. Walter Sarlin who was interviewed regarding how Christians can enlarge the quantity and quality of their personal ministry.

At the mass baptism on Saturday afternoon, three from

Court St. Mary Celebrates Unit's 29th Anniversary

By Eleanor Mumford

A delightful evening was spent September 22 at Brentwood Lodge when over 50 Catholic Daughters of America, members of Court St. Mary, and their friends gathered to celebrate the twenty-ninth anniversary of the Court.

Mrs. Dewitt Brunson, Grand Regent and mistress of ceremonies, gave the address of welcome and introduced the Charter members present: Mrs. Charlotte Ford, Mrs. Katherine Core, Mrs. Angela Johnson, Mrs. Margaret Fields and Mrs. Minnie Rancatori, and the Past Grand Regents of the Court, after which a most palatable dinner was served.

Mrs. Dewitt Brunson

Following this, the distinguished guests were introduced as follows: the Rev. Matthew Sullivan, who delivered a short after-dinner speech in his first association with Court St. Mary since his appointment as chaplain of the court; State Regent, Mrs. Edwin Clancy of Alameda; Past State Regent and Chairman of Juniors, Mrs. Milton Weckerle; Jane Gruenwald, who thanked the Sr. Court for their donations and help the past year; Mrs. C. J. Pietro, District Deputy from San Francisco; Mrs. Clarebelle Fox, State World Missions Chairman of Fairfax; Mrs. Mable Sherry, Archdiocesan Chairman of Share the Faith of Oakland; Mrs. John O'Sullivan, Archdiocesan chairman of Social Welfare, of San Bruno.

At the close of the enjoyable evening, made resplendent with the artful work of Mrs. Edward Pribula, Mrs. Angela Johnson, and Mrs. Elio Ciardella, door prizes were awarded to Mrs. Pribula and Miss Eloise Saurer.

October 1 brings about the next meeting of Court St. Mary No. 1155, Catholic Daughters of America. This being the first day of the month dedicated to the Holy Rosary, the evening will begin at 7 o'clock with the recitation of the Rosary at Our Lady of Perpetual Help Church, with the Court Chaplain leading the membership, followed by Benediction of the Blessed Sacrament.

The regular session will follow at the auditorium. Mrs. Charles Wettstien, extension chairman, will report on the initiation of new members to take place on October 15.

Mrs. John L. Mackall, share the faith chairman, will enlighten the members on the "Weeping Madonna."

Mrs. Pribula, Living Rosary chairman, explains the general intention of saying the "Living Rosary" is for "world peace."

To spend an Indian summer vacation at Saginaw, Michigan, will be the Court's historian, Mrs. John Kulik, who will leave with her husband this Thursday by jet liner for Chicago, Illinois, and thence on to Saginaw to visit with Kulik's parents and relatives.

On Sunday, October 4, the annual Catholic Daughters of America district meeting of the San Francisco Archdiocese will convene at the Flamingo Hotel in Santa Rosa at 10 a.m. with more than 200 members to attend.

The Hostess Court will be the third oldest Court in the state, Court Santa Rosa No. 181, of which Mrs. Emmith Kauth is Grand Regent. She has appointed Mrs. John A. McDonald as the general chairman.

Presiding over the one-day session will be Mrs. Edwin A. Clancy, State Regent. Following the call to order she will hold a workshop for Grand Regents and then for District Deputies.

The Education Workshop will be conducted by Mrs. Hilarita Dorn of Fresno, the state chairman, who has scheduled the Rev. Francis A. Quinn, Department of Education of San Francisco, to address the members attending.

Mrs. Frieda Jager of Eureka, State Chairman of Share the Faith, and Mrs. Mildred O'Hagen of South San Gabriel, State Chairman of Legislation, each will conduct their respective workshops.

Mrs. Antonett Mangini of Burbank, State Chairman of Social Welfare, has secured the Rev. James M. Murray,

archdiocesan director of Catholic Charities, to be the key speaker. She will be assisted by Mrs. John O'Sullivan, of San Bruno, Archdiocesan Chairman of Social Welfare, who is a member of Court St. Mary.

Following luncheon at the Hotel, members will get a preview of the Californian C.D.A. tour of Europe, to take place in July of 1960.

A final workshop at 2 p.m. will be conducted by Mrs. Timothy Maloney of La Crescenta, the State Parliamentarian and Past State Regent.

At the general session, to be conducted by the State Regent, the Rev. James M. Murray, archdiocesan director of Catholic Charities, is programmed to address the general assembly. Rev. John J. Cunningham of Kentfield, State Chaplain, will be present.

At 5 o'clock a special dinner is being arranged exclusively for the court chaplains, who will be guests of their respective courts. Reverend Cunningham will host them at the Flamingo Room of the Hotel.

The Rev. Matthew P. Sullivan, chaplain for Court St. Mary, will attend the meeting and the chaplains dinner.

Bowlers Should Tip Their Hats To Secretaries

By Leon Cohn

With the summer season of wing well out of the way, there is still no rest for the secretaries of the leagues. The inter leagues have started at Sherry Swanson's Westlake and the old and new secretaries have plenty of work to do in preparing the loop for the winter season.

The secretary has to keep a cord of each individual's record. But how many times are they thwarted by the bowlers who write their name on the score sheets as if it is a secret?

If bowlers would co-operate and help in getting the cards led out for the ABC and the IBC, it would be possible for a secretary to get the sanctions in on time to protect all bowlers in the event a 298, 299, 300 game is bowled.

A helping hand to the secretaries will help them to enjoy their bowling in leagues—not for half a season but a full one.

THREE NEW BACKFIELD MEN

Jeff Footballers Vie With Tough Cubberley

Jeff High's Indians still have the treads running across their bare skins after the Jets of Encinal ran over them in the first practice game, 33-0.

Coach Joe McGrath hopes to obliterate the smudge that was left on Jeff's record by turning back Cubberley this Friday in an encounter at the Palo Alto school starting at 2:45 p.m.

Three of McGrath's starters in the backfield are new for this battle. Tony Montalbo, a JV player last year, will start in place of Marty Cosgrove at quarterback. Douglas MacArthur will take Roger Stahl's fullback slot and Sal Blas replaces John Margaroni who

suffered a badly bruised leg against Encinal.

Art Banos is the only "repeat" starter from the previous game. Ed Crowley, one of a host of new members with enough practice to qualify for playing, will open at tackle in place of Daryl Cohn.

The Jeff squad now has 36 players and McGrath says he expects a lot of improvement after the Encinal drubbing. He noted he was pleased with interior line play but "Encinal killed us on sweeps around the ends." McGrath's charges have been practicing against this and will set up new defenses for Cubberley.

Cubberley met another

Peninsula League hopeful last week and turned back Mills High, newcomer to the league, by a 32-13 score. The alert Cubberley defenders recovered five of nine fumbles committed by the jittery Mills squad.

The Cougars are an explosive squad. They led by a single point, 14-13, at halftime but completely routed the Vikings thereafter. Don Castle passed for two TD's and ran one over from three yards out. In addition, he added one extra point by passing. In all Castle completed eight of 18 tosses for 117 yards and this is what Jeff will have to defend against.

QUARTERBACK Marty Cosgrove practices hands off to hopeful first string back for the Jefferson High Indians. Charles

DeArman is ready to gather in the first ball while Salvador Blas and Douglas MacArthur await their turns. Left row

(front to back) are Leo Sincaeth, Roger Stahl and Tom McEntee. THE RECORD photo

Fuller Hopes To Rack Up Yardage For SFS Saturday

Charlie (Tornado) Fuller, leading ground gainer and pass receiver for San Francisco State, hopes to sweep up yardage when the Gators meet San Quentin Saturday at 10 a.m.

Fuller, 7.2 average per carry and five catches for 129 yards, has led the Gators to four wins, the latest last week against Long Beach State, 12-0. The SF team is also tied with the University of Nevada for the Far Western Conference lead with a 1-0 mark.

Other backs following Fuller in average per carry are Hank Marshall, 5.8; Gene Craft, 5.3; Edgar Rollins, 5.1, and Bill Breslan, 4.4.

The State Frosh-reserves put their 2-1 record on the line Friday night in Kentfield against College of Marin at 8 o'clock.

Volleyball For Women, Girls

Two volleyball leagues are being formed by the Daly City Department of Parks and Recreation. One is for women and the other for teenage girls.

Participation in the adult league is open to all women, especially those who have some spare time and feel the need of a little more exercise. Playing time will be every Tuesday morning from 10 to 11:30 a.m. at War Memorial Community Center.

No special playing ability is necessary as instruction will be given for beginners and those who haven't played for some time and feel the need of a little brushing up.

The first few sessions will be for playing together, having fun and getting acquainted. The group will then be divided into teams of 6 players each and will compete in league play. Awards will be given to winning teams.

If desired, a baby sitting

service will be arranged to accommodate mothers of preschool children.

Starting date for this group is Tuesday morning, October 20, at 10 a.m.

The girls volleyball league will be held on Monday evenings 7-9 p.m. at War Memorial Community Center for all teenage girls.

A volleyball fun night will be held Monday evening, October 19, at 7 p.m., which is the first meeting date of this group. The purpose of this fun night will be to give the participants an opportunity to get better acquainted by playing together and to organize into teams. Each registrant will be placed on one of the teams which will compete in league play.

For further information or to register for either of these leagues, call the Department of Parks and Recreation at PL 5-0850, Extension 18.

Davila Paces Jeff Runners

Coach Norm Cady's Jefferson High varsity cross country team won its third meet of the season last Thursday as Anibal Davila paced a 21-35 decision over Capuchino.

Davila won the race in 9:43. Bob Alverio of Jeff was third,

followed by teammates Rich Marston and Joe Vaez.

Capuchino won the frosh-soph event, 27-30.

The Indians this week run against Burlingame and Carlmont.

Westmoor Cross Country Champs Lose To Mateo

San Mateo High's varsity cross country team routed Westmoor's defending Peninsula League champs, 17-40, last week in Daly City.

SM's Ralph Lee won the race in 9:40.2, 12 seconds faster than Dave Dunbar's record time for the Westmoor course. Sam Rutland of SM was second in 10:05.

Best Westmoor runner was Jim Buccelli, fifth in 10:14. Ram Chuck Duke was sixth, Ron Klingler was eighth, Jay Garrett was tenth, and John Millard eleventh.

San Mateo's frosh-sophos won also, 22-32. Bill Murrell of Westmoor finished third in this event.

In a special frosh race, Westmoor won, 15-49, with Everett Holland first in 7:35.5. Jack Larson and Frank Rhodes finished behind Holland in this shorter distance feature.

The Rams this week host Riordan in practice and Hillsdale in league competition.

MANNING backfield positions for Daly City's Westmoor High Rams are (from left) right half-back Tom McHugh, fullback

Webb Parker and left half Jack Arata. Coach Pete Matisi is depending on this trio to carry the offensive load this season

in the Peninsula League varsity campaign. Defending champion Hillsdale and Burlingame are the favorites this year.

WESTMOOR TO HOST MENLO-ATHERTON

Westmoor High School went down to defeat at the hands of Woodside Friday, but showed a powerful runner in the person of Tom McHugh and hope to turn back Menlo-Atherton High in another practice game at the Rams field this Friday at 2:45 p.m.

McHugh rambled for 19 points and 186 yards to put on a great offensive show for the losing (31-25) Rams. High stepping McHugh scored the first touchdown after catching a screen pass from quarterback Jim Heck and traveling 27 yards.

He bounced over the line from two yards out for the second TD. McHugh's third goal line journey was a 56-yard jaunt with a key block by Chris Hanson springing him loose. Sandwiched in between his second and third TD's was a 26-yard pass from Heck to end Pete Daniels.

Ted Leudeman paced the visitors with two touchdowns while also marching off 186 yards rushing. Leudeman's 18-yard spiral to Bill Jankord proved to be the winning tally.

The offensive battle showed the Rams picking up a total

of 322 net yards and the Wildcats 373. Coach Pete Matisi hopes his offensive unit moves as well against Menlo-Atherton this week with the defense team doing some brick walling near the goal line.

Dennis Marc, A Marksman, Joins SJS Cage Team

Dennis Marc, former marksman for Daly City's Jeff High basketball; and College San Mateo, is enrolled at San Jose State College.

Marc broke all sorts of records while at CSM, one which was an average of points per game. Coach W. McPherson at San Jose is pleased with the addition of such an outstanding cage player. Marc is 6-5 and weighs 150.

Our Lady Of Mercy Schedules Sign-ups For CYO Basketball

Sign-up for the CYO youth activities of Our Lady of Mercy parish will be held in the parish hall this Friday, October 9, at 7:30 p.m.

The first sign-up will be for basketball. All boys of the Westlake area in the 5th, 6th and 8th grades are eligible for participation.

The meeting will be jointly conducted by Father Monahan, assistant pastor of OLM, and James Diggins, youth activities director of Westlake Catholic Men's Club.

Giant Scout Montague Seeks Local Ball Talent

Daly City baseballers may have a chance to try out for the San Francisco Giants semi-pro team. Although no contracts will be signed with the parent club, it is a good chance for localites to establish a name for themselves.

Sponsors of the league are the Giants, Los Angeles Dodgers, New York Yankees, Pittsburgh Pirates, Baltimore Orioles and Philadelphia Phillies. Each team will go under the name of the parent organization and play 20 games each at Orange Park in South San Francisco, Burlingame and San Mateo.

Ed Montague, scout for the Giants, is in charge of finding talent for the semi-pro outfit and states that tryouts will be held at Orange Park in SSF at 11 a.m. on Saturdays and Sundays.

"We are interested in play-

ers with ability whether they are in high school or college," he stated. Montague says to be able to get a tryout a student should write him a letter at his home address, 59 Westmont drive, Daly City.

In the letter, the aspirant baseballer should list his height, weight, age and experience. He should also state whether he is participating in another sport. This is important, Montague says, as boys cannot be signed for the winter loop if they are performing in another sport at school.

Montague says that seniors are preferred and the California Interscholastic Federation has been very helpful. He noted there is no contract to be signed, but boys would be stationed on one team during the league play if accepted.

The Giants team will be managed by Jack Scramaglia, a Giant farmhand.

Another Giant minor leaguer, Bill Brenzel, formerly of UC, will also play. Other baseballers are Tim Cullen, third base-

man, and Ron Villa, catcher, both of Serra High.

From University of California, Dan Salazar, shortstop; Dave Sim and Paul Cohen, outfielders; Bob DeRosa, Al Brownstein and Charles Hollis, pitchers; Jerry King, catcher; Al Smith, first baseman.

Ed Hoffacker, a Palo Alto pitcher, has also been accepted thus far.

Coaches from local schools may also submit names of players they think are outstanding to Montague by letter.

City Basketball For Hi-Schoolers Starts Tuesday

Daly City's Department of Parks and Recreation announces the addition of 130-pound and varsity basketball leagues.

The leagues will begin next Tuesday. Games will be played on Monday, Tuesday and Thursday at the War Memorial Community Center, Jefferson High and Westmoor High gyms.

Eligibility for the 130-pound classification will be determined by the Peninsula League exponent chart. Players who are currently participating in interscholastic sports will not be allowed to compete in the DC leagues. The loops are open only to high school students living in Jefferson High School district.

For further information, call the Department of Parks and Recreation office, PL 5-0850, Extension 18.

First Weekend Deer Kills Show Increase

A better than 50 percent increase in the buck kill on opening weekend of the inland deer season was reported today by Fish and Game Director William E. Warne.

Warne declared the kill increased over last year in most of the counties in the inland season, particularly in the counties of Alpine, Butte, El Dorado, Fresno, Kern, Lassen, Mono, Shasta, Siskiyou, Trinity, and Tulare.

SPORTS SPIN

By LOU LUCIA

TOO MANY SCALPS, NOT ENOUGH INDIANS: Approximately 700 boys are registered at Jeff High, yet at present there are only 25 suited football players. By the league opener 32 will be in uniform.

Though known as the Indians there was nothing savage about their defense which allowed Encinal to score 33 points, while the "offense" sputtered for no (0) points. Yet, those on the field are not to blame as much as the apathy by students who failed to turn out for grid practice.

Jeff no doubt had the smallest turn-out in the league, with only 36 aspirants practicing before the current campaign started.

It is hoped that stalwarts such as John Margaroni, Bob Nielson, Art Banos, and Marty Cosgrove, a converted end playing quarterback, get the credit due them. Space does not allow that each team member be cited individually but they are all to receive accolades for their participation.

One of these day sif enough injuries shelve high schoolers, Coach Joe McGrath may mistakenly send in assistant Steve Mezera.

FROM SCALE BREAKER TO NON-NEEDLE MOVER: When watching Westmoor High's gridders keep an eye on No. 53. If you don't see the number have your eyeballs checked for accuracy. Bob Villines wears the number and also sports 309 pounds! Then go down the chart just as you would at the optometrists office and find No. 54. Tom Frydenlund, without shoulder pads, tips the scale at 265.

At the bottom of the listing is Barry Langberg, a senior. His jersey, No. 12, is slightly smaller as he fills it at 135 pounds.
